MESSAGE TO THE SHAREHOLDERS

Dear Shareholders,

A Very warm welcome to all of you,

It gives me immense pleasure to welcome you all to this 28thAnnual General Meeting of the **AVANCE TECHNOLOGIES LIMITED**. The 28th year at **AVANCE** has been a year of new challenges and new opportunities for all of us. So, let us take a moment here to analyze, introspect, and share our vision for the future with our customers on this journey.

MVAS- THE CHANGING FACET OF CORPORATE ARENA:

We all know that the world is going crazy over an invention that we call as **Mobile Phones**. The immense popularity and the large fan- following that this device enjoys has made it a significant invention of the 21st Century. The impact of mobile phones is discernible everywhere. A majority of the population around the world is powered with a cellular phone that has contended our lives. It seems that we feel helpless without this device and it looks all the more stranger when everybody knows that mobile phones were considered to be real luxury exactly 10 years ago and they were not even known 20 years ago. However the truth is that the mobile phones have not only made our lives easy and convenient, but are also stylish enough to become a fashion statement.

Your Company **AVANCE TECHNOLOGIES LIMITED** is extremely contended with the fact that it operates in a very competitive space of **Mobile Value Added Services (MVAS)** which has made its presence in every nook and corner of the World. Thus while it brings enormous content to have achieved sizeable success in this segment, it also brings in a sense of responsibility upon us to maintain the same level of consistency in our operations.

Year 2011- 12

The past year put us through a test of spirit and character, however I am extremely proud to report that we not only managed to pass through but also emerged stronger than ever. In such a competitive space where many of our competitors have succumbed to the circumstances, we are pleased to inform you that we have not only survived but also carved out our own place in the industry. This was possible only because of the governance systems that we have put in place. As

we reviewed our governance standards in the process, we were able to confirm that our rigorous system of checks and balances is strong enough to detect and combat any issues that might arise internally or otherwise. There has been no material impact of these concerns on our growth, and we remain committed to the highest standards of personal and business ethics.

Further we are also focused on providing our customers with solutions that actually solve their issues and assist their growth through innovative application of technology and information management in an easy-to-use manner. Our four main areas of focus this year has been our continued commitment to offering best-in-class products and services, delivering value to our customers through our constant innovation, expanding our service offerings globally, and creating a work environment that motivates our team to deliver their best.

We hope to make these qualities synonymous with **AVANCE** in the years to come.

Thanking You,

For and on behalf of the Board of Directors

DIRECTOR'S REPORT

To,
The Members,
AVANCE TECHNOLOGIES LIMITED

Your Directors are pleased to present their 28th Annual Report on the operations of the Company, together with the Audited Annual Accounts for the financial year ended 31st March, 2012. A gist of the financial performance of the Company for the financial year 2011- 12 is provided as under:

σ **Financial Performance and Operational Review:**

The financial performance of the Company, for the year ended 31st March, 2012 and corresponding previous year is summarized below:

Particulars	For the year ended 31 st March, 2012	For the year ended 31 st March, 2011
Total Income	1,659,948,384	1,840,239,793
Total Expenditure	1,671,486,969	1,839,177,077
Profit/(Loss) before Tax	(11,538,585)	1,062,716
Less: Provision for Tax	(160,925)	(604,196)
Profit/(Loss) after Tax	(11,377,660)	458,520
<u>Earnings per share :</u> Basic	(0.12)	0.00
Diluted	(0.12)	0.00

The year 2011- 12 has been a challenging year for the Company's operations as it witnessed a pressure on its margins on account of a slight decline in its overall revenues. However at the same time, the Company succeeded in its efforts of achieving a reduction in the overall expenditure incurred by it to the tune of Rs. 167,690,108 i.e. about 9% as compared to the preceeding financial year. Further this tough business scenario has encouraged the Company to undertake a **SWOT analysis** of its operations and thus process of reviewing of the systems and processes across various departments has been initiated with a view to identify possible areas of lacunas so that the necessary measures can be undertaken to fill the same.

Your Directors are optimistic that with the melting down of recessionary turmoil and with collective efforts of all the stakeholders, the Company would emerge as a strong player in the years to come.

σ **Future Outlook:**

Your Company currently operates in Mobile Value Added Services (MVAS). However there is an increasing reliance upon the use of mobiles devices in the delivery of value added services by the Private as well as the Public Sector.

Most recently even the Government has begun using the mobile devices to make the public information and government services available anytime and anywhere by bringing in personalized, localized and context aware services close to citizens and officials through the medium of e- governance and m- governance.

In order to leverage the opportunities offered by the E- Governance and M- Governance Space, your Company wishes to embark in these fields in the years to come.

σ **Dividend:**

After taking into consideration the financial Results of the Company for the Financial Year 2011-12, and with an intention to build up the net worth for future expansion and growth plans, your Directors are of the opinion, that no dividend be recommended for the year under review.

σ **Change in the Registered Office of the Company:**

The Registered Office of the Company has been shifted with effect from 14th May, 2012 from
#505, Midas Chambers, Off. Link Road, Andheri- West, Mumbai- 400053

to

**Off. No. 209, 2nd Floor, Kapadia Chambers, 599, J.S.S. Road, Marine Lines- East, Mumbai-
400 002.**

The said change of new office was intimated to all the statutory authorities and thus all the shareholders are requested to take a note that all the communication with the Company be undertaken on the aforesaid new address.

σ **Internal Control Systems and their Adequacy:**

The Company has a proper and adequate system of controls in order to ensure that all assets are safeguarded against loss from un-authorized use or disposal. Further all transactions are properly checked, verified, recorded and reported correctly.

Also Regular Internal Audit Checks are carried out to ensure that the responsibilities are executed effectively and that proper and adequate systems are in place.

σ **Listing:**

The securities of the Company are listed at the Bombay Stock Exchange (BSE) Limited, Mumbai.

σ **Directors:**

In accordance with the provisions of section 257 the Companies Act, 1956, Mr. Bimal Kamdar and Mr. Randhir Marwa, Directors of your Company retire by rotation at the forthcoming Annual General Meeting and being eligible, offer themselves for re-appointment.

The Board wishes to place on record their appreciation for the services rendered by them as the Directors of the Company.

Necessary resolutions with regard to the above are being placed before the Shareholders for their approval.

None of the Directors, except Mr. Bimal Kamdar & Mr. Randhir Marwa are interested or concerned in the said resolutions.

σ **Auditors:**

M/s. Ramesh Batham & Co., Chartered Accountants, Statutory Auditors of the Company had been appointed to hold office until the conclusion of the ensuing Annual General Meeting; however they are also eligible for re- appointment and their willingness for re- appointment have been intimated to the Company well in advance. Further they have also confirmed that they are not disqualified for re- appointment within the meaning of Section 226 of the Companies Act, 1956 and their appointment, if made would be within the limits specified in Section 224(1B) of the said Act.

σ **Auditors Report:**

The observations and comments furnished by the Auditors in their report read together with the notes to Accounts are self- explanatory and hence do not call for any further comments under Section 217 of the Companies Act, 1956.

σ **Director's Responsibility Statement:**

Pursuant to the requirements under Section 217(2AA) of the Companies Act, 1956, with respect to Directors' Responsibility Statement, it is hereby confirmed that:

- i. In the preparation of the Accounts for the financial year ended 31st March, 2012 the applicable accounting standards have been followed along with proper explanation relating to material departures;
- ii. The Directors have selected such accounting policies and applied them consistently and made judgments and estimates that were reasonable and prudent so as to give a true and fair view of the state of affairs of the Company as at 31st March, 2012 and of the profit or loss of the Company for the year ended 31st March, 2012;

MANAGEMENT DISCUSSION AND ANALYSIS **REPORT**

FORWARD LOOKING STATEMENTS

Statements in this report on Management Discussion and Analysis describing the Company's objectives, outlook, estimates, expectations, predictions, belief and management perceptions may be forward looking statements within the meaning of application securities laws and regulations.

Actual results could differ materially from those expressed or implied. Important factors that could make a difference to Company's operations include, among others, economic conditions in the market in which the Company operates, changes in the Government Regulations, Tax Laws and other statutes and incidental factors.

The Company assumes no responsibility in respect of the forward looking statements herein which may undergo changes in future on the basis of subsequent developments, information or events.

INDUSTRY STRUCTURE AND OVERVIEW:

In today's information age, the Telecommunication Industry has a vital role to play and is one of the fastest growing industries in the world. It is estimated that India will have more than 1.2 billion mobile subscribers by 2013 exceeding even the total subscriber count in China.

Telecommunication in India is synonymous to Mobility and the Mobile Industry in India is growing with a CAGR of over 10%. However, at the same time the mobile industry is also witnessing cut-throat competition in the last few years. This can be attributed to the absence of entry barrier in the mobile handset industry. As a result of this, most of the players making an entry in the industry are using price as their USP for gaining market share. On the other hand international giants like Nokia, Blackberry etc. have seen rapid erosion in their market share. The combination of all the above has led to significant reduction in profits for the mobile device players. **However as it is always said that, every coin has two sides of the story, the same goes to be true in case of Mobility industry.**

While there is a tremendous reduction in the profits of mobile device players, the needs of the Indian consumers have graduated beyond acquiring just hardware. Mobile has become the lifeline

of every consumer. Hence, there is an increasing demand for the device to enable an empowered lifestyle through data services and applications and here comes the role of M- VAS.

Mobile Value Added Services or M- VAS as is commonly called refer to the enhanced services that add value to the core services of standard voice calls, voice/non-voice messages, fax transmission, and data transmission provided by the Mobile companies. The launch of 3G has brought in superior internet experience, access to data services, video and live streaming, video conferencing and many other data centric services giving the subscribers access to a range of new services. VAS industry is undergoing a change over the last 12-15 months, moving towards a model which is based on customer experience and usage rather than subscriber led model. TRAI is also actively participating in laying Guidelines and processes to ensure that the value added services are properly regulated and the services made available to the consumers in a free and fair manner. More and more new services like mobile banking, money transfers, and utility payment services are likely to be introduced by various service providers to give a rich internet experience to the consumers.

Thus it can be said that “With the growth of the Telecommunications Industry at a formidable pace, there is an impressive potential for influencing the lives of millions of people in the years to come.”

OPPORTUNITIES AND THREATS:

σ Opportunities

The mobile industry has become a very competitive space in the last few years with the entry of many domestic players, 3G, Roll- out, etc. Absence of entry barriers has resulted in the industry has resulted in many players entering the industry and using price as a key success factor for gaining the market share.

Further the VAS is also undergoing a tremendous change from the subscription model to the usage- based model and also regulatory restrictions by TRAI. This is likely to have a short to medium term impact on the prospects of revenue growth of the VAS industry. However, in the long term new Value added services focused on 3G and 4G is likely to lead to the creation of high-quality feature-rich content which will open new doors for the industry to innovate and increase its earnings thus generating additional revenue stream in VAS providers.

σ Threats

While operators are betting big on the country's increasing mobile data consumption, which is likely to be driven by the adoption of feature-rich content, the Mobile Value Added Services (MVAS) players cite loopholes which can potentially de-rail the anticipated data growth in the coming year. The factor that would prove to be responsible for such a de-railment includes:

1. Revenue Sharing:

Many industry players believe that unfair revenue sharing between operators and application developers is a major challenge which discourages developers from innovation. Since the operator-favouring business-model of the MVAS industry eats up a fair share of the application developer's revenue, hindering innovation in the segment.

2. Absence of Localized Content:

The second major issue that could further deteriorate the MVAS growth in the country is the absence of localization.

"MVAS players can only reap actual benefits of the country's data usage if there is a focus on innovation of more relevant and customized content in a diverse country like India, which as of now doesn't exist,"

3. Impractical Regulations:

VAS players also blame regulations for the slow uptake of VAS products. Many in the industry believe that the latest Telecom Regulatory Authority of India (TRAI) initiative of taking consumer's written consent before activating any new service will be detrimental to the growth of the industry.

"The execution of the move will not only hamper the Quality of Experience (QOE) of the consumer and industry, but is also likely to kill the brand of the operator.

OPERATIONAL PERFORMANCE AND FUTURE OUTLOOK:

σ Operational Performance

The year gone by was one fraught with challenges. The economic slowdown and the Rupee depreciation of over 20% in the last financial year was a major factor for the erosion of margins. This has created a major impact on the high revenue VAS segment which predominantly operates on revenue share basis.

Your Company has always been quick to respond to the economic challenges with effective management measures and has put in place a concrete roadmap for putting the Company on a fast trajectory of growth. The Company has taken stringent measures to control costs and increase revenues. We have taken several decisions to focus on rationalizing manpower, reducing infrastructure and selling expenses. Over the coming quarters, we expect our strategies to pay rich dividends and help return the Company to profitability.

σ Future Outlook:

Your Company currently operates in Mobile Value Added Services (MVAS). However there is an increasing reliance upon the use of mobiles devices in the delivery of value added services by the Private as well as the Public Sector.

Most recently even the Government has begun using the mobile devices to make the public information and government services available anytime and anywhere by bringing in personalized, localized and context aware services close to citizens and officials through the medium of e- governance and m- governance.

Thus, in order to leverage the opportunities offered by the E- Governance and M- Governance Space, your Company wishes to embark in these fields in the years to come.

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY:

Your Company has put in place adequate systems of internal control which is commensurate with its size and the nature of its operations. The systems and process that have been implemented have been benchmarked against best practices for Internal Control and have been designed to provide adequate assurance. The assurance provided includes assurance with regards to recording and providing reliable financial and operational information, complying with corporate governance

practices, applicable statutes, safeguarding assets from unauthorized use or losses, prevention and detection of fraud, executing transactions with proper authorization and ensuring compliance of corporate policies.

Further the Company has a well defined delegation of power with authority limits for approving revenue as well as capital expenditure. Also processes for formulating and reviewing annual and long term business plans have been laid down and implemented.

The internal audit is carried out based on a plan, which is reviewed and approved by the Audit Committee each year in consultation with the Statutory Auditors. The planning and conduct of the internal audit function is oriented towards the review of controls in the operations of the Company and management of risks in the Company's operations such as sales, purchases, inventory, debtors, creditors, fixed assets etc.

TALENT DEVELOPMENT:

Human Capital is an integral part of our organizational strategy. From the beginning we have inculcated a culture of entrepreneurship. A vital factor in our growth and development, we have a scalable recruitment and resources management process. This procedure ensures that we attract and retain high caliber professionals. Thus, Recruitment and Retention of the right talent pool is by far one of the most critical elements of our operations. All our Human Resource initiatives are focused on enhancing the skills of our team and ensuring that the motivation remains high and focus remains very sharp which greatly improves the overall productivity of the organization.

A WORD OF APPRECIATION

We could not have weathered the challenging economic environment and survived the competitive business environment to move forward with renewed vigor without the contribution, commitment and support of our management team and staff, business associates and shareholders and Government organizations.

We appreciate your continued support, and steadfast belief in our mission and vision.

STATEMENT ON SIGNIFICANT ACCOUNTING POLICIES FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2012.

1. ACCOUNTING CONVENTION

1.1 Financial statements are prepared in accordance with generally accepted accounting principles including accounting standards in India under historical cost convention except so far as they relate to revaluation of certain land and buildings.

1.2 All assets and liabilities have been classified as current or non-current as per the company's normal operating cycle and other criteria set out in the Revised Schedule VI to the companies Act, 1956. Based on the nature of products and the time between the acquisition of assets for processing and their realization in cash and cash equivalents, the company has determined its operating cycle as twelve months for the purpose of current-non- current classification of assets and liabilities.

1.3 Use of estimates

The preparation of the financial statements in conformity with the generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities on the date of the financial statements, disclosure of contingent liabilities and reported amounts of revenues and expenses for the year. Estimates are based on historical experience, where applicable and other assumptions that management believes are reasonable under the circumstances, actual result could vary from estimates and any such differences are dealt with in the period in which the result are known/materialize.

2 FIXED ASSETS

Fixed assets are stated at cost of acquisition for assets installed and put to use less accumulated Depreciation.

3 INVESTMENTS

Investments are classified into Current investments and long-term investments. Current Investments are carried at lower of cost or market value and provision is made to recognize any decline in the carrying value. Long-term investments are carried at cost and provision is made to recognize any decline, other than temporary, in the value of such investment.

4 INVENTORY

Inventories are valued at cost or estimated net realizable value whichever is lower, computed on a FIFO basis, after providing for cost of obsolescence and other anticipate losses, wherever considered necessary. Finished goods and work in Progress include costs of conversion and other costs incurred in bringing the inventories to their present location and condition as certified by the management.

5 EXPENDITURE

Expenses are accounted on accrual basis and provision is made for all known losses and liabilities.

6 SEGMENT REPORTING

The Company has only one segment of activity of dealing in IT products during the period, hence segment wise reporting as defined in Accounting Standard-17 is not applicable.

7 In the opinion of board of directors, current assets, loans and advances, have at least the value as stated in the balance sheet, if realized in the ordinary course of the business.

8 There are no delays in payments to micro, small and medium enterprises as required to be disclosed under "The Micro, Small and Medium Enterprises Development Act.2006."

9 REVENUE RECOGNITION

9.1 Revenue from sale of products is stated net off discounts and any applicable duties and taxes on dispatch of goods in accordance with terms of sales.

9.2 Other operating revenues comprise of income from ancillary activities incidental to the operation of the company and is recognized when the right to receive the income is established as per the terms.

10 RESEARCH AND DEVELOPMENT

Expenses incurred on research and developments are charges to revenue in the same year. Fixed assets purchased for research and development purpose are capitalized and depreciated as per Company's policy.

11 RETIREMENT BENEFITS

In view of the number of employees being below the stipulated numbers, the Provident Fund, ESIC, Bonus and payment of Gratuity Act are not applicable to the company for the year.

12 TAXATION

Income-tax comprises current tax and deferred tax expense or credit.

σ Current tax

Provision for current tax is recognised in accordance with the provisions of the Indian Income Tax Act, 1961 and is made annually based on the tax liability after considering adjustment for tax allowances and exemptions.

σ Deferred tax

Deferred tax liability or asset is recognized for timing differences between the profits/losses offered for income taxes and profits/losses as per the financial statements. Deferred tax assets and liabilities are measured using the tax rates and tax laws that have been enacted or substantively enacted at the balance sheet date.

Deferred tax assets are recognised only to the extent there is reasonable certainty that the assets can be realized in future; however, where there is unabsorbed depreciation or carried forward loss under taxation laws, deferred tax assets are recognised only if there is a virtual certainty of realisation of such assets. Deferred tax assets are reviewed as at each balance sheet date and written down or written up to reflect the amount that is reasonably/virtually certain to be realized.

13 PROVISIONS AND CONTINGENT LIABILITIES

The Company recognizes a provision when there is a present obligation as a result of past event that probably requires an outflow of resources and a reliable estimate can be made of the amount of the obligation. A disclosure for contingent liabilities made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. When there is a possible obligation or a present obligation that the likelihood of outflow of resources is remote, no provision or disclosure as specified in Accounting Standard 29- 'Provisions, Contingent Liabilities and Contingent Assets' is made.

14 EARNINGS PER SHARE ('EPS')

Basic EPS is computed using the weighted average number of equity shares outstanding during the year. Diluted EPS is computed using the weighted average number of equity and dilutive equity equivalent shares outstanding during the period except where the results would be anti-dilutive.
