Do not increase SAP, UP sugar mills urge CM

UP SMA seeks ₹15/quintal subsidy to compensate for expected increase in production cost

DEEPA JAINANI
Lucknow, November 24

CONCERNED ABOUT THE drop in sugar recovery in the current season and the resultant impact on the cost of sugar production, the Uttar Pradesh Sugar Mills Association (UP SMA) has written to

chief minister Yogi Adityanath on Monday, requesting him not to increase the state advised price (SAP) on the commodity in the current season.

According to data gathered from sugar mills across various regions of the state, the recovery is lower in the range of 0.50% to 0.80% in different factories and with the advancement of the season, the gap in daily recovery is on the rise compared to the last season. Millers fear that the worrisome trend will impact the cost of production in the range of ₹1.25 to ₹2 per quintal.

According to data gathered from sugar mills across various regions of the state, the recovery is lower in the range of 0.50% to 0.80% in different factories

"You are well aware of the precarious financial situation of UP sugar mills due to multiple reasons and this fall in recovery will further aggravate the situation by reducing the paying capacity of the mills," the letter written by UP SMA president CB Patodia stated, adding that this would have an adverse impact on timely cane price payment to the growers. Requesting the CM to take note of the phenomenon of lower sugar recovery while deciding the sugarcane price

for the season, the letter stated that apart from maintaining last season's SAP for the current season, the government should also provide ₹15/quintal subsidy to compensate for the expected increase in cost of production due to lower recovery and also allow payment of sugarcane price in two-three installments to reduce the burden of the working capital and maintain uniformity in terms of payment.

Speaking to *FE*, Deepak Gupta, secretary general of UP SMA said the UP sugar industry was already reeling under stress due to multiple reasons and if the government increased the SAP, it would be the proverbial last nail. "India's carry forward stock continues to be very high in the last three years.

The 107-lakh tonne inventory at the beginning of this crushing season is technically blocking ₹35,000 crore of funds and with another bumper production expected this year, it will further block working capital," he said, adding that the sugar export policy for 2020-21 had also been delayed, due to which exports would be lower this year.

"Since India is a surplus sugar producer, it needs to export regularly to offload the excess production, but in that too, we face challenges as the high cane prices render the domestic sugar industry uncompetitive. The industry has to continuously remain dependent on government subsidies to export," he said, adding that with export subsidies not possible after 2023

following WTO guidelines, India needed to urgently reform its cane pricing policy if it had to stay globally relevant.

According to statistics provided by UP SMA, while Brazilian sugarcane prices were the lowest at \$20.09/tonne in 2019-20, followed by Thailand at \$23.57/tonne and Australian \$23.91/tonne, Indian sugarcane cost a whopping \$42.5/tonne.

Apart from high cane prices, the industry in UP has also cited low sugar MSP, non-payment of ₹900 crore cogen dues by UPPCL, sugar export subsidy claims of ₹3,000 crore, 18% levy on molasses for the liquor industry and a reduction of ₹2 per unit in power tariffs by the UPERC as other reasons for its perilous condition.

Kerala moves SC against Centre's decision to lease airport to Adani group

PRESS TRUST OF INDIA
New Delhi, November 24

THE KERALA GOVERNMENT has moved the Supreme Court against the Centre's decision to lease Thiruvananthapuram international airport to Adani Enterprises.

The Left Democratic Front (LDF) government has filed the appeal challenging the Kerala High Court, which dismissed the plea on October 19 on the grounds that it was directed against the privatisation policy of the Centre and hence devoid of merits.

Seeking an interim stay of the HC's verdict, the plea filed through lawyer C K Sasi said it had challenged the "arbitrary and illegal action" of the Airports Authority of India in attempting to prefer a particular private concessionaire, Adani Enterprises, for the operation, management and development of Thiruvananthapuram International Airport.

The Kerala government had filed the application in the high court after conducting an all-party-meeting, where demands were raised for the withdrawal of the Union Cabinet's decision to lease the airport to Adani Enterprises. The Centre had said the state government did not qualify in the bidding process that was carried out in a "transparent manner".

Adani Enterprises had won the rights to run six airports — Lucknow, Ahmedabad, Jaipur, Mangaluru, Thiruvananthapuram and Guwahati — through the PPP model after a competitive bidding process in February, 2019. The Kerala State Industrial Development Corporation (KSIDC) had taken part in the bidding.

"The contention of Kerala... is that the attempt on the part of the Airport Authority to grant right of operation, management and development of Thiruvananthapuram Airport, to a private party... who has no previ-

The LDF government has filed the appeal challenging the Kerala HC, which dismissed the plea on October 19 on the grounds that it was directed against the Centre's privatisation policy

ous experience in managing airports, is not in public interest and is violative of the provisions of the Airport Authority of India Act, 1994," the plea said.

It said the CM had offered to take the project at the rate at par with what was quoted by the Adani group firm. "The HC erred in holding that there can be no claim of promissory estoppel as no promise has been extended by the Central Government or Airport Authority of India at any point of time," it said.

"It is submitted that the second respondent (Ministry of Civil Aviation) assured the State of Kerala that there would not be any privatization of Thiruvananthapuram Airport and that a Special Purpose Vehicle with state government and financial institutions as partners could be created with the value of the state's property as the state's share," the plea said.

Last year, the HC had dismissed the petition challenging the decision, terming it as "not maintainable" under Article 226 of the Constitution.

The state government then filed an appeal before the SC challenging the high court order. The apex court set aside the judgment of the high court and the matter was remanded to it for a decision on merit.
